OUR CODE OF CONDUCT

**KNORR-BREMSE**

## Dear colleagues,

increasing globalization, growing competition as well as social and climate policy challenges worldwide: It has never been so important for an international company to operate by unified standards. Acting with integrity, responsibility and in an exemplary manner is a part of Knorr-Bremse Group's company concept as a global technology leader. Therefore, in addition to our corporate values, we have adopted a Code of Conduct, the binding principles and rules of which apply to all of us as Knorr-Bremse employees.

### A policy for all employees worldwide

This Code of Conduct is designed to provide guidance for all of us in our interactions with employees, colleagues, as well as with our customers, business partners and for our behaviour in the social environment in which we operate. It sets standards of an integrated and correct business conduct and helps us maintain an ethical and legitimate behaviour in our daily work. We expect all employees not only to observe internal regulations, but also to comply with all laws, avoid conflicts of interest, safeguard the company's assets, support workplace safety, ensure high product quality, respect climate and environmental protection and to operate in conformity with our corporate values and principles. Over the past few years, the Code of Conduct has enabled us to create a working environment at Knorr-Bremse that is characterized by integrity, respect and fair and responsible behaviour. We would like to maintain and further strengthen this success. Therefore, please continue to complete the eLearning on this Code of Conduct every two years.

### Pursuing values and principles: the foundation of our coexistence

Whether in person at one of our locations worldwide or in digital communication: All our activities affect the daily interaction at Knorr-Bremse, but also the corporate culture and reputation of our company. It is therefore up to all of us to live up to our values and fundamental principles and to let them guide our actions. Every manager and every employee is responsible for ensuring that their conduct complies with the principles set out in this Knorr-Bremse Code of Conduct.

## Scope

As a responsible company, Knorr-Bremse actively encourages the observance and compliance with the following principles. This Code of Conduct applies to all employees of the Knorr-Bremse Group worldwide. Regional codes and guidelines within the Group may specify these, as long as they do not contradict the following basic principles.

## 2. Integrity and corporate governance

Our actions are based on generally accepted values and principles in particular on integrity, transparency, respect, openness and non-discrimination. Knorr-Bremse pursues reputable and acknowledged business practices and promotes fair competition.

## 3. Dealings with one another and working conditions

We intend to create a safe and attractive working environment in which trust, teamwork, diversity, acceptance of responsibility as well as a fair and respectful interaction with each other are valued and pursued. ## G) Employee rights

We respect the employees' freedom of association, freedom of assembly and their right to collective wage bargaining, provided that this is legally permissible and possible in the respective country. Members of employee organizations or trade unions are neither favoured nor disadvantaged.

## 4. Dealing with suppliers, customers and other business partners

We are aware that we represent the company through our behaviour, thereby shaping its reputation externally, and influencing its culture on the inside. All employees treat others in the same way as they expect to be treated themselves and act in accordance with this Code of Conduct.

### a) Competition and antitrust law

We are committed to complying with the rules of fair competition. In particular to avoid antitrust violations, it is not permitted to conclude agreements with competitors on

- prices, margins, costs, volumes, production performance, tenders, distribution or other factors that affect the company's conduct,

Further details are provided in [KB Group Compliance Guideline on Anti-Corruption](#). Employees must immediately reject any demand for bribes or other benefits, both for business and private purposes.

Employees must not conduct business on behalf of a Knorr-Bremse Group company with companies in which they, their immediate family members or their spouses are involved. Employees may own shares in a competitor company, supplier or customer, as long as the share does not allow influence on the management of the company. For publicly traded companies, this only applies if the share exceeds 5% of the share capital.

Please refer to [KB Group Compliance Guideline on Conflict of Interests](#).

We expect our business partners to act in accordance with the principles of this Code of Conduct and to observe all statutory requirements – in particular those relating to avoidance of corruption, respect for human rights, compliance with the laws against child labour, taking responsibility for the health and safety of their employees and compliance with the relevant laws and standards on environmental protection.
